Title : Manufacturing Method and Structure of Electrodes  
for Lithium Based Electrochemical Devices.

**LETTER**

Mail Stop AF  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA. 22313-1450

Meadowbrook, PA.  
May 5, 2006

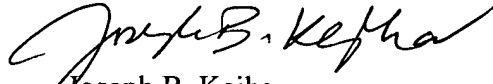

Sir :

In the above matter, applicants discovered an error in their last Amendment dated March 24, 2006. The first page of the Amendment has wrong Ser. No. 10/119, 220 , which should be 09/911,036 ; and wrong Date filed: 04/09/2002 , which should be 07/23/2001 ; and wrong Title : “Method of Automated Hybrid Lithium-ion Cells Production and Method of Cell Assembly and Construction”, which should be “Manufacturing Method and Structure of Electrodes for Lithium Based Electrochemical Devices”. The Head Letter and Petition for Extension of Time have no errors.

Applicants used a prior Patent Amendment as a template and unintentionally forgot to change these lines on the Page 1 of the Amendment dated March 24, 2006. Therefore, applicants request the Page 1 of the Amendment dated Marsh 24, 2006 to be replaced with the corrected Page 1 , which is hereby enclosed with this Letter. The old marked-up Page 1 is also enclosed as a reference.

Applicants apologize for this error, and believe that this correction places the Amendment in condition for the Examination, which action is requested and urged.

Respectfully submitted,

Joseph B. Kejha  
(applicant)
